

Progress in developing the park

Over the last year the trustees have held monthly meetings to progress aspects of the park's development.

The main task has involved drafting a management plan to enable us to plan the design of the park, how we will construct the different areas such as paths and play areas, and how we will plant the trees, shrubs and grasses.

We also need to consider the long term management, maintenance and funding of the park and how this can be done effectively.

Everyone is welcome to attend our meetings and get involved in any aspect of the park whether that be administration, planting trees or studies of wildlife.

We will post meeting dates and information on the Ury Riverside Park SCIO Facebook page, link at the bottom of the page.

Use of a drone for survey purposes

Over the next few months, we will be using a drone over the park to take photos and to allow us to develop a 3D model of the park for use in planting and for setting a baseline for future development.

The use of the drone will be confined to the park and will not include footage of any residential areas.

Any further updates will be posted on our Facebook page.

Message from the Ury Riverside Park trustees

The Ury Riverside Park is a Scottish Charitable Incorporated Organisation (SCIO). We seek to run the charity and manage the site with local community support for the benefit of all.

The organisation's purposes are:

- ✓ The advancement and improvement of the area known as Ury Riverside Park, Inverurie
- ✓ To develop recreational facilities that are accessible to all
- ✓ To enhance the biodiversity and amenity of the Ury Riverside Park area
- ✓ To be open and inclusive to the whole community

We hope that you find this newsletter informative. If you would like to receive future newsletters by email please send your email address to ury.riverside@gmail.com.

Thank you for your support.

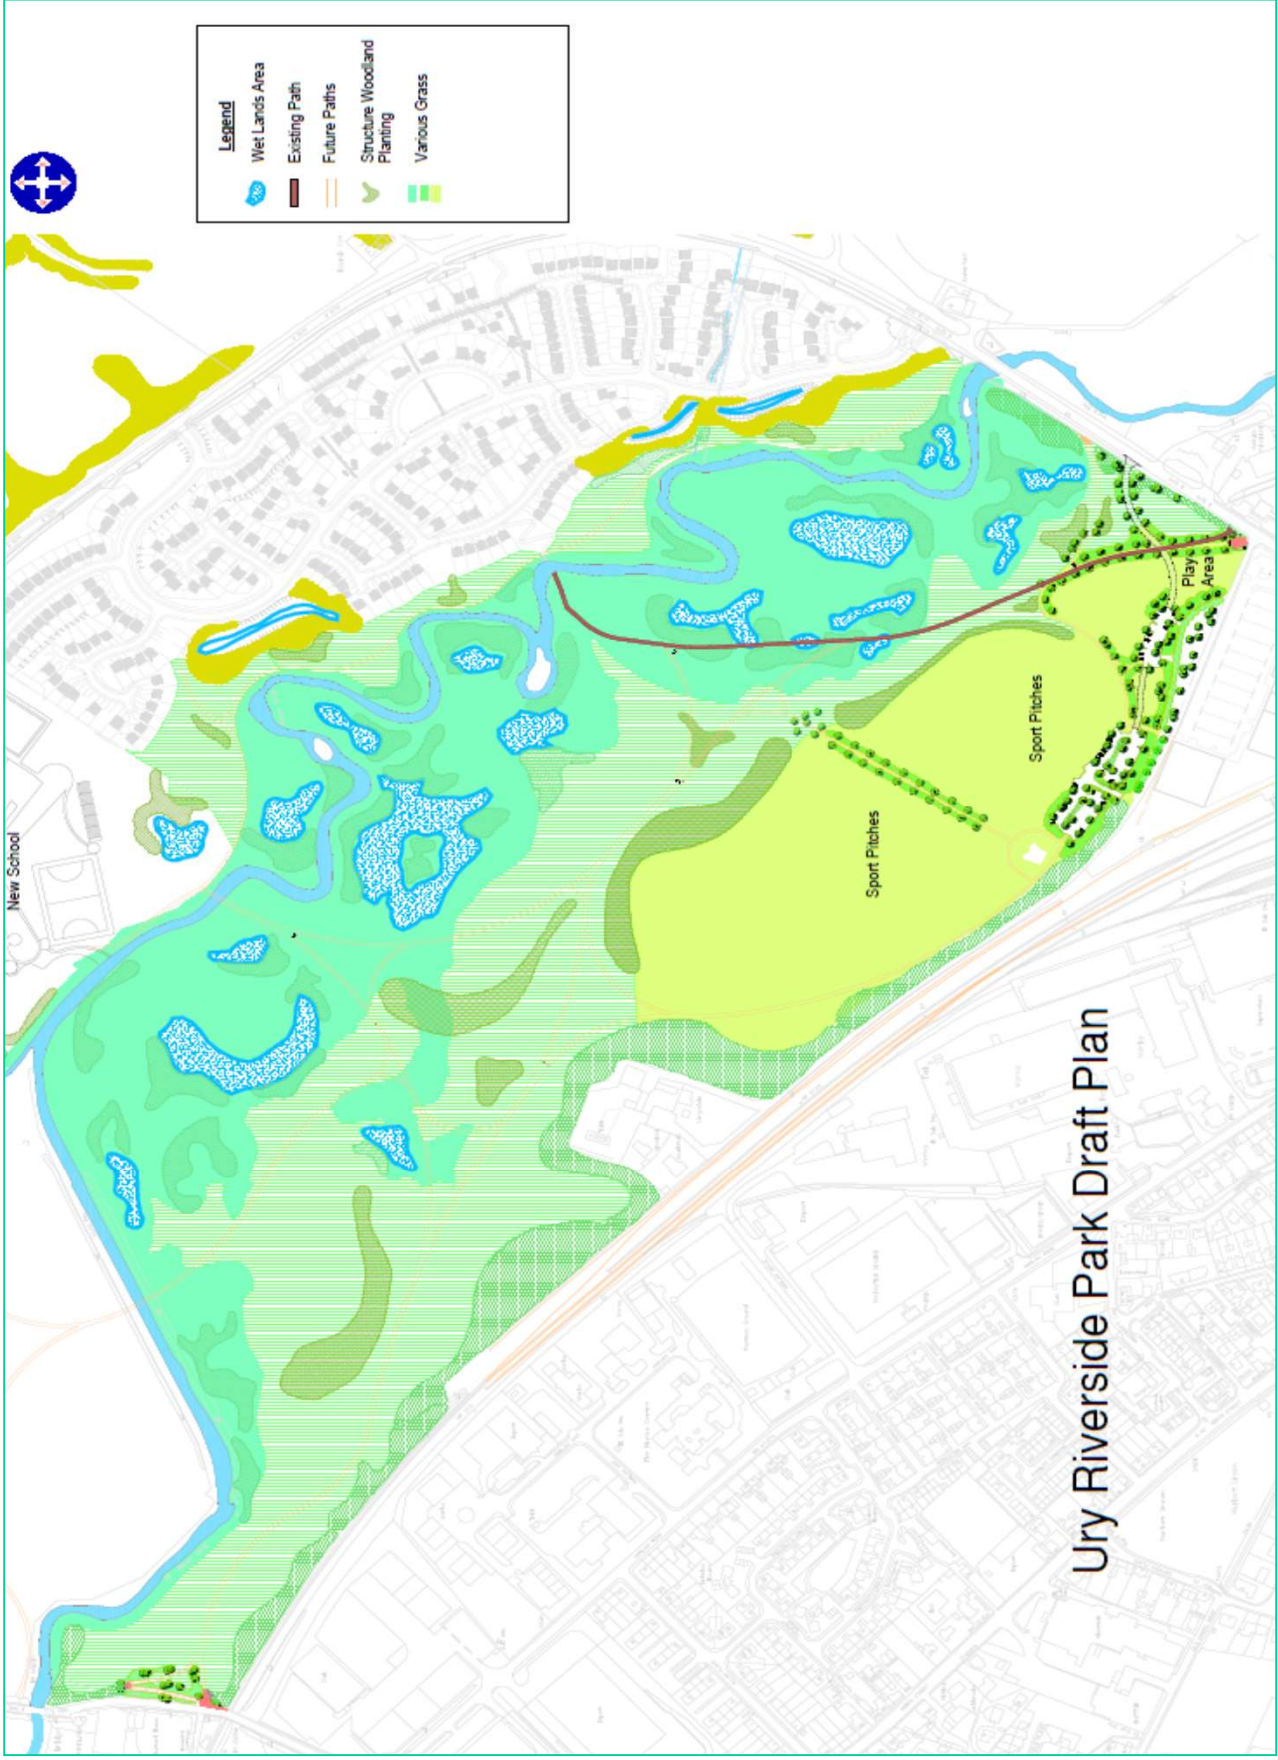

Kind regards *The Trustees*

Some recent photos of the park and the wildlife in there, thanks to everyone for sharing
